

Amber Products

Become a Amber Concept Spa

All Amber professional products, from skin care to pedicure work synergistically and are enhanced by innovative equipment — creating treatments and experiences your customers demand. You will notice the common theme of cleansing, exfoliating, repairing, hydrating and protecting. These steps form the basis of any Amber treatment. Combining these five disciplines with creative details (such as finishing off a facial with an Herbal Wash, using a common scent through an entire treatment or creating a seamless treatment room with a hygienic stainless-steel design) form what we strive for: inspired spa experiences. Thus, our comprehensive product offering is aimed towards the spa or salon that mutually shares this goal of satisfying the client with consistent performance, seamless professionalism and an attention to every last detail!

SKIN CARE

natural skin care...effective not complicated

You don't need fifty skincare products to be effective – you just need the right mix of products used correctly and consistently. We don't believe in aggressive peels, risky medications, or any other quick fixes. Amber believes that professional skin care treatments using consistent products, a daily skin care routine and a healthy lifestyle will deliver the results, naturally, that we all seek. Our five-step program can be enhanced at the professional level with an array of facial masques and can be easily and routinely followed by the client at home.

cleanse. exfoliate. repair. hydrate. protect.

Cleanse.

Cleansing the skin will remove make-up, surface debris, excess oils, clogged pores and limit damage from free-radicals that age the skin.

Cleanse

White Oak Bark and Yucca Extract combine to create a natural herbal formula that gently removes impurities and excess oils without drying the skin. Amazingly mild and non-irritating, Amber Facial Cleanser deep cleans and prepares the skin for all skincare treatments.

207 **200 ml**
Q-207 32 oz (SPECIAL ORDER)

Exfoliate.

Exfoliating the skin removes dead epithelial skin cells, promotes cell-turnover and softens follicular blockage (comedones, black heads and milia) leaving the skin soft and supple.

Botanical Scrub

A strawberry-almond scented scrub made with natural extracts and polyethylene beads. Best used on teens, clients with mature skin and normal/dry skin.

F-100 **100 ml**
F-102 32 oz (SPECIAL ORDER)

Mineral Scrub

A unique blend of various minerals, clays, aloe vera, cucumber and white oak bark create a more aggressive facial scrub. Best used on acne-prone or oily skin.

F-200 **100 ml**
F-201 32 oz (SPECIAL ORDER)

Exfoliate, Intensely.

Papaya Gel & Enzyme Masque

The most effective combination on the market for aggressive exfoliation. Enzymes and papain are mixed creating a masque that drives deep into the layers of the skin to digest dead and dying cell tissue. This process stimulates the regeneration of new cells giving the skin a healthy appearance, feel and texture.

Papaya Gel

A gel based exfoliator with papain, urea, aloe vera and chamomile to gently decongest and exfoliate. Effectively dissolves dead skin cells while stimulating natural healing properties. For thin or sensitive skin, use papaya gel on its own.

216 **50 ml**
Q-216 32 oz. (SPECIAL ORDER)

Enzyme Masque

A unique masque packed with papain to effectively digest dead skin cells while capturing free radicals and helping prevent environmental damage to the skin. (Mix with Papaya Gel)

217 **100 ml Powder**
Q-217 32 oz. (SPECIAL ORDER)

How To Mix

- Add two teaspoons of Enzyme Powder to glass mixing bowl.
- Pump equal amount of Papaya Gel into the bowl and stir. Water may be added to achieve desired consistency.
- Stir mixture until masque becomes frothy and there is no appearance of powder. Water may be added if necessary.
- TIP: Not for use while steaming.

Protect.

Limit the damaging effects of the sun by daily use of sun block. Maximum UVA and UVB protection is imperative to keeping skin healthy and glowing. It's the last step in any treatment.

Repair.

Customization! Analyze your client's skin to determine the proper professional treatment to fit their needs. Whether it be an Anti-aging Peel-Off Masque to reduce fine lines, Hot Stone Facial to increase circulation and blood flow, a Clay Masque to remove excess impurities from oily skin, or Pure Paraffin to drive vitamins and nutrients deep into the skin for hydration, each repair treatment offers an aura of relaxation, while delivering effective results.

E-857-K

Facial Paraffin & Stone Treatment

Intense skincare therapy! Set your spa apart with this facial treatment that delivers results while offering your client the sense of complete relaxation. Amber's 5-step skincare program incorporates a warm paraffin masque and stone massage creating an enhanced treatment. Benefits include the elimination of dead skin cells, cellular circulation, exchange of blood and lymph, aging protection, ultra-hydration, and intense Vitamin C therapy.

Basic steps for a signature stone paraffin facial treatment

1

After cleansing, exfoliate with Mineral Scrub.

2

Lightly apply Organic Facial Massage Oil.

3

Massage face and décolleté with hot and cold stones.

4

Starting at the chin, massage using long strokes.

5

Apply Unique Serum to fine lines.

6

Paint paraffin on face and décolleté.

7

Apply cold stones, gauze masque, and more paraffin.

8

Remove stones, paraffin and gauze masque.

9

Apply Anti-Oxidant Moisturizer and massage with cold stones.

10

Apply Organic Balm to the lips.

Unique C Serum

The most effective delivery of Vitamin C available. The Ascorbic Acid Crystals are only activated when mixed with the Activating Serum. The Unique C helps rejuvenate the skin, reduce fine lines and wrinkles and helps increase the production of collagen.

AMBER508 **1 oz**

Facial Masques

Amber Clay & Algae Masques are a perfect addition to the repair step of your skincare treatment. After analyzing the skin, determine which masque provides the nutrients your client is seeking.

Clay & Algae Masque Kit

The ultimate in skincare repair - a warm stimulating or calming masque applied to the face and decollete. The added warmth enhances the clients experience and provides a deep relaxation. Kit includes: Mini-Mud Warmer, 100 ml Clay Masque, 100 ml Algae Masque, 10 disposable cups and 10 applicator sticks.

E-658K

Clay Masque

Amber's Stimulating Clay Masque is designed to absorb excess oils and treat acne breakout. This masque mildly stimulates the skin and its herbal content produces slight vasodilation, helping in the purging of congestion from the skin. Masque can be applied warm using Amber Stainless Facial Masque Bar or other Amber warming units.

Masque can be blended with proper amounts of Amber Signature Blends or Amber Essential Oils to enhance and customize masque. Masque can be used synergistically with Amber Skin Care products to create as part of a weekly skincare routine.

222 **100 ml**

Q-222 **32 oz**

Algae Masque

Amber's Calming Algae Masque is perfect for over-worked, weathered skin. The masque helps eliminate excess impurities and absorb excess oils, leaving skin soft and supple. Masque can be applied warm using Amber Stainless Facial Masque Bar.

223 **100 ml**

Q-223 **32 oz**

Organic Facial Massage Oil

Extra-virgin olive oil and grape seed oil are blended together to create this prime facial massage oil. Rich in antioxidants, the superb quality of oils allows for deep hydration and toning. Light in texture, this oil does not clog pores or irritate the skin.

229 **200 ml**

Hot Stone Facial Massage Kit

Relax and heal with a therapeutic hot and cold stone massage. Organic facial massage oil hydrates and heals the skin, while the basalt stones rebalance energies. Kit includes: Mini-Stone Warmer, 200 ml Organic Facial Massage Oil, Facial Stone Set and Instructional DVD.

E-832-K

Hydrate.

Moisturizing is a critical step to keeping the skin soft and supple and it should be incorporated into every spa treatment, as well as the at-home skincare routine. It should include a complete face and neck moisturizer, as well as a spot treatment gel targeting specific skin areas needing additional nourishment.

Daily Hydration

Anti-Oxidant Moisturizer

A non-oily, water soluble powerful anti-oxidant moisturizer that strengthens and stimulates collagen and destroys free-radicals that damage the skin.

209 **100 ml**

Oily Skin Moisturizer

Oily-Skin Moisturizer with tea tree oil and lavender naturally acts as an antiseptic, healing and calming while moisturizing the skin.

210 **100 ml**

Solar Repair Gel

A gel treatment and moisturizer packed with Vitamins A, B, and C in a hyaluronic acid base which will assist to naturally moisturize the skin. Combined with liposomes and allantoin this is an excellent product to be used on environmentally damaged skin or after sun exposure. Excellent for all skin types. Extract of Aloe Vera, Hyaluronic Acid, Liposomes and Vitamins A & E.

219 **50 ml**

Inflamed Skin

Calming Gel

A lightweight gel to act as an anti-inflammatory, anti-stress agent to help rebalance Ph levels. Excellent for desensitizing irritated skin after waxing or intense skin treatments. Extracts of Lemon Grass, Chamomile, Sage and Arnica.

218 **50 ml**

Dehydrated Skin

Cucumber Masque

This soothing gel masque has the ability to enhance water retention in tissue allowing the epidermis to achieve greater suppleness. With the combination of cucumber extract, allantoin and aloe vera this product is effective in soothing irritated skin especially after aggressive skin treatments such as extractions, microdermabrasion and any aggressive peel.

220 **50 ml**

Purity. Clarity. Elasticity.

These three attributes are why Amber's paraffin wax has been the benchmark for quality in the professional spa and salon industry for thirty-five years. Our filtering and refining system creates an elastic paraffin that does not dry or crack, has medical grade purity and when melted is crystal clear! Paraffin treatments are simply unlike any other - at 128 degrees no other product delivers deep-penetrating therapeutic heat as effectively as paraffin; hydrates and heals dry-chapped skin or sustains aromatic experiences all day long.

Paraffin Bead Bags are sealed poly-bags that hold 2 lbs. of paraffin beads - just open and pour away! Formulation hinders beads from melting together at room temperature.

Paraffin Beads **2 lb**

Buy 12 or more assorted

6 lb Blocks

Six, 1 lb blocks available in Chocolate, Peach, Vanilla and Unscented.
