07-500 Gallon/3.8 L

### 9% Original Fragrance

07-507 33.8 oz/1 L

07-502 Gallon/3.8 L

\*\* A gallon will give you approximately 32 spray tans(4 oz's per person). If you are charging \$45.00 for a full body your profit will be \$1834.00.

Directions: Shake well before each use. Be sure to spray smooth, left to right motions over desired areas. You'll notice an immediate bronze color that will serve as a guide for even coverage. The actual sunless tanning effects will begin within 30 minutes and fully develop over 8 hours. Be sure not to let the tanned are come in contact with water during this time. Re-apply as desired for a darker tan. Tan will last 4-7 days or up to. Note: Spray lightly over elbows, ankles, wrist, knees, fingers and toes, as these areas tend to darken in excess. YOU CONTROL THE COLOR: As will all liquid tanning solutions, the longer the product sits on the skin without washing the darker it gets. You can wash off in as little as one hour after application for a very light tan, 2-3 hours for a medium tan, or anytime after depending on your skin type.
