

PURPLE PRESENTS:

INFECTION CONTROL CLASS

As a salon/spa owner, would you like to learn how to take control of your business when it comes to preventing the spread of bacteria, diseases and infections? What about employees, should they be educated on how to keep their stations bacteria free?

For beauty industry professionals, it is important to be aware and educated on the importance of best practices in infection control, while also meeting the guidelines of local health authorities. There are plenty of infection control products on the market, but wouldn't you feel confident using the newest proven technology in the industry? **PREempt!!** Give your staff and clients the knowledge and peace of mind that your salon/spa is a clean and safe environment.

By attending this infection control class, you will learn:

- The meaning and importance of cleaning, disinfecting and sterilizing.
- The correct products and protocols that **MUST** be used for non-critical, semi-critical and critical items.
- The different technologies available, and their strengths and weaknesses.
- Protocols for your Spa.
- PREempt product knowledge and how it applies to surfaces, instruments, and footbaths.
- Ways to market infection control to your clients.
- Open book test at end of class, and Certificate also included.
- Class time: 2 ½ hrs

CALGARY:

June 24th, 10:30 AM – 1:00 PM

Cost: \$25.00

*Purchase any of the products presented day of class and **SAVE 10%!***
