Eyelash lifting/perming is a semi-permanent method to curl lashes, and an increasingly popular salon / mobile treatment with excellent profit margins. The appearance of the eyes are enhanced, as lashes look longer and fuller, with treatments lasting up to 8 weeks. Tinting works extremely well in conjunction with perming, further enhancing the appearance of lashes by adding colour that lasts up to 6 weeks. We'll cover techniques for both in depth, along with latest trend: brow lamination.

Includes: Includes RefectoCil Curl Kit, Saline Solution, Basic Tinting Kit, manual, a few extras (Salon Value \$320), and Certificate. Quiz to be completed for Certification.
